

12.01.2009

**TVH - Group Thermote & Vanhalst satisfied about participation in CeMAT India.**

**TVH - Group Thermote & Vanhalst, world-wide leader in the distribution of spare parts, participated in CeMAT India just before the turn of the year (10 – 13 December 2008). The international trade show for material handling and internal logistics was organized by the Deutsche Messe in the Indian city of Bangalore.**

One of the stands in the international pavilion was reserved for TVH – Group Thermote & Vanhalst. All other leading companies active in the field of material handling were also represented in Hall 3.

Even though TVH is satisfied with its participation in this edition – the TVH employees on the spot worked hard on the reception of existing and new customers on the stand – still the general attendance during CeMAT India 2007 was better.

The cautiousness of the visitors of CeMAT India 2008 is probably due to the global economic crisis in combination with the recent attacks in India, but forecasts already speak of an Indian market that will get back up to speed as from February 2009.
